## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2020 LEGISLATIVE SESSION**Analysis**

This bill extends to November 15, 2020 the public health emergency the Governor declared on March 11, 2020 related to the COVID-19 pandemic health response and economic stabilization. The bill is effective immediately and retroactive to April 10, 2020.

This bill will do the following:

- Extends the public health disaster emergency under AS 26.23.020(c) until November 15, 2020. When there is no longer an imminent threat, the Governor shall issue a proclamation ending the disaster emergency.

- Allows the Department of Health and Social Services (DHSS) Chief Medical Officer to issue standing orders related to COVID-19. Standing orders are effective until retracted or the emergency declaration extension ends. The Chief Medical Officer and health care providers are not liable for civil damages for issuing or acting under a standing order, except for misconduct.

- The Governor must submit a monthly report to the Legislature beginning May 1, 2020 identifying all actions taken by the administration related to the prevention, control and status of COVID-19.

- Allows the DHSS Commissioner to waive any state law or regulation related to telehealth or telemedicine if compliance would substantially prevent or impede health care services.

- Provides authority for DHSS, in coordination with the Department of Military and Veterans' Affairs, to establish sanitation procedures for retail sellers for the duration of the emergency declaration.

**Funding:**

To ensure the Department of Health and Social Services has adequate resources the department has included the anticipated spending on response efforts within HB 206 and HB234.
